

# DM X1-10

## MARINE GRADE DIMMER

Designed for Marine Electrical Instability

### STEIN TECHNOLOGY

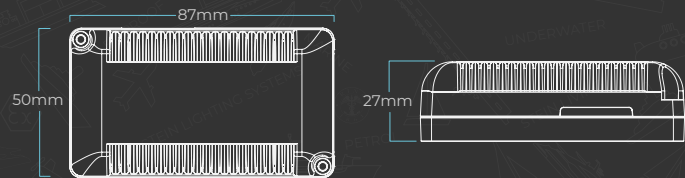

### TECHNICAL SPECS

#### ELECTRICAL DATA

System Power	12V-120 Watt 24V-240 Watt
Output Current	10A
Nominal Operating Voltage	10-30V DC
Extended Voltage Tolerance	Up to 80V DC (temporary operation)
Dimming Method	PWM

### DIMENSIONS

These dimensions can be optionally changed

### CONNECTION
